**Past performance is not indicative of future performance and may be lower or higher than the performance quoted.** Characteristics, holdings and sector weights are based on a representative account, are as of 6/30/2025 and are subject to change and may no longer be held in client portfolios. The holdings of any particular account may vary based on investment restrictions applicable to the account. It should not be assumed that the investment in any presented were or will be profitable.

Glenmede Investment Management, LP claims compliance with the Global Investment Performance Standards (GIPS®).

GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

Glenmede Investment Management, LP, a registered Investment Advisor, is an affiliate of the Glenmede Trust Company, NA (GTC). The "Firm" is defined as all investment advisory accounts managed by Glenmede Investment Management LP. Effective January 1, 2007, the Investment Product Management Group of GTC became Glenmede Investment Management, LP. All performance prior to January 1, 2007, shown here as the performance of GIM, was previously reported as the performance of the Investment Product Management Group of the Glenmede Trust Company.

All of the composites' valuations and returns are computed and stated in U.S. Dollars. Net numbers are net of max allowable management fee for this strategy. Additional information regarding the Company's policies for valuing portfolios, calculating performance and preparing compliant presentations, is available upon request. A GIPS® compliant presentation, as well as a complete list of firm composites and performance, can be requested from GIM Client Service at 215.419.6662. Please see the GIPS® presentation for further explanation.

The Long/Short Equity Composite objective is to use long and short equity positions based on proprietary multi-factor stock ranking models, overlaid with upside and downside risk screens, to achieve long-term capital appreciation consistent with reasonable risk to principal. Prior to 12/31/2024, the strategy was known as Glenmede Quantitative U.S. Long/Short Equity.

The Russell 3000 Index is an unmanaged, market value weighted index, which measures total return performance of the 3,000 companies that are largest in the market. One cannot invest directly in an index.
